Dear Families,

I hope you all are continuing to stay well and to keep safe. Hopefully by now, you have settled into a good routine and are managing to get an appropriate balance between schoolwork and keeping active. It is great to see and hear about all the fantastic work that is going on. Thank you to all of the children who have sent in examples of things they have done at home and congratulations to the Stars of the Week, Mathletics and Epic winners! We hope you liked the song the staff put together and shared with you this week! If you haven't seen it yet, you can find it on the school twitter account.

Please let us know if you are unable to access learning resources. Keep communicating with us via info@goldfinchprimary.org.uk if you have any suggestions, need support or have any questions. You can also call us on **07985227057** between **8am** and **4pm Monday – Friday**.

Stay kind. Stay safe.

Mrs Jain and Ms Briggs

We are in the process of organising our Venus Class Zoom sessions where the children, under the supervision of their teacher, will be able to take part in a virtual class meeting. We need all families to sign up to the School Gateway (parent comms) so we can invite all children in our class to this meeting by emailing a video link. We will be unable to invite your child to the Class Zoom meeting if you do not sign up to School Gateway.

EPIC READING COMPETITION

Our reading competition is continuing. I will be contacting the winners' families regarding the prizes which will be posted straight to the children's home address. The list of Year 3 recommended reads to be found [here](#).

This week's winners are:

 **Ibrahim**  and  **Shyia** 

They have made the biggest improvement this week in terms of the time spent reading and the number of books read so far.

Aweys

Well done for submitting a range of home learning activities via Google Classroom more regularly this week! It is lovely to see the fantastic learning you do at home.

Zuhair

Well done for doing some fantastic maths and RE work and submitting it via Google Classroom! It was great to see how confident you are with partitioning 3-digit numbers in different ways!
